

# Kicktipp WM 2026 — NoClue Executive Dashboard

Status: League Leader

| Metric         | Value  |
|----------------|--------|
| Rank           | 1 / 35 |
| Points         | 76     |
| Lead to #2     | +5     |
| League Average | 58.9   |
| Median         | 59     |
| Above Average  | +17.1  |
| Percentile     | 100th  |

After five scoring rounds, NoClue leads the competition with 76 points. The gap to second place is five points, creating clear separation from the chasing group. The score is 17.4 points above the league average and represents the strongest performance in the pool.

**Key Insight:** The title race remains open, but NoClue currently defines the benchmark. Performance has moved from contender status to outright leader status. The field is tightly packed behind the leader, making consistency the primary success factor for the remaining rounds.
